

CAUTION

To Parents and Guardians

- ① This product is not a toy. It is a miscellaneous item.
- ② Do not give this product to children under the target age. If you do, keep an eye on your children during the products are their side. Never give to small children under 3 years old as there is a risk of accidental ingestion.
- ③ This product is not food. Never put it into your mouth. There is a risk of choking or suffocation.
Keep out of reach of small children. In case of an accidental ingestion, consult your doctor immediately.
- ④ Keep away the products from any fire source. It may cause a fire.
- ⑤ Some products contain small parts. Be careful of your children not to swallow.
- ⑥ Do not wrap the ball-chain around fingers. It's dangerous and may cause blood-congestion.
- ⑦ Due to the characteristics of the materials, there may be some small holes / air bubbles / slit on parting line / spots etc.. on the body. Please understand they are not defective. However, if it's on the character's face, it may become a defective item so please consult the shop where you've got it.
- ⑧ As the characteristics of the products, we make them very soft. It may cause: many wrinkles on the surface, looks darker partly because of bubbles or a hole near the surface, not completely back to the original shape if it is squeezed too strong.
- ⑨ Due to the characteristics of the products, there are individual differences of softness even between the same products.
- ⑩ The product might have some wrinkles or shiny spots due to possible adhesion to the packaging.
- ⑪ There might be cracks around the roots of joining parts due to the structure and material of the product.
- ⑫ Especially for gold and silver coloring, it might cause cracks or peeled off due to aging.
- ⑬ When opening the package, if the smell of materials / painting is strong and overwhelms the original scent, do not sniff it, and leave it in a well-ventilated place about 2 days without a package.
- ⑭ The intensity of the scent depends on the type. The scent is not permanent and might get weakened because of aging.
- ⑮ Please don't put the product into your bag directly. It may stick to your bag or other goods depending on their material.
- ⑯ Depending on the material of places you put the product on, it may cause spots or discolorations.
- ⑰ Please don't pull apart the product strongly. It might be torn apart.
- ⑱ Please don't pull the ball-chain strongly. It might be pulled out with tearing the body.
- ⑲ The products' coloring could be discolored when they are scrubbed or squeezed many times. Please treat gently the delicate part such as indentation, protuberance, thickly painted. These parts are easier to be torn.
- ⑳ A part printed-sticker on, could be darkened more easily than other parts.
- ㉑ When you storage the products, put into bags individually. If you keep several products touching each other, they may stick or cause discoloration.
